Ecofactive Organic Wonder

Feed concentrate is produced from a blend of natural ingredients, sugars, amino proteins, and phosphate and, also contains a biostimulant which encourage the plants to take up nutrients quickly, giving results sooner. Suitable for all types of plants, it promotes strong and healthy plants under glass and outdoors.

Directions for use: For best results mix 30ml into 4.5 litres of water into a watering can, then using a fine rose apply to the base of the plants. Apply as per the instructions below. If foliage feeding, then apply early morning or late in the evening to reduce any risk of damage to plants by sunlight.

Apply every 7 days during the growing season for all fruits, flowers and vegetables, herbs, peppers. For higher yields of greenhouse/undercover crops and container displays, apply twice weekly.

Feed plants very early in the morning, or late in the evening to avoid the sun scorching the plants. Avoid spraying directly onto blooms.

Typical Analysis% w/w	NPK 2-1-3
Nitrogen (N)	2.0%
Ureic Nitrogen	2.0%
Phosphorus (P ₂ O ₅) total	1.0% (0.45%P)
Phosphorus (P ₂ O ₅) soluble in water	0.9%
Potassium (K ₂ O) total	3.0% (0.25%K)
Potassium (K ₂ O) soluble in water	2.8%

STORE OUT OF DIRECT SUNLIGHT IN A COOL PLACE. Store between 0 and 30°.

Advice: Avoid applying in direct sunlight as this could cause scorching of plants. If applying to foliage, do not apply when temperatures are expected to reach over 30°C. Avoid applying when the soil is dry and the plants are suffering from moisture stress. Store in a safe dry place away from children and pets. Keep container upright during storage and transit. Wash hands after use.

*Makes up to 50 watering cans * 1 watering can = 4.5 litre/1gallon

IDEAL TO FEED ALL FRUITS, FLOWERS, VEGETABLES & MORE.
