HOUSEPLANT POUR & FEED 500ml

ecofective® Houseplant Pour & Feed is a ready to use organic feed that requires no mixing. Produced from a blend of natural ingredients, sugars, amino proteins and phosphate, this feed helps plants grow stronger and healthier, giving great results sooner. A balanced feed, it is suitable for most potted plants grown indoors including:

- ✓ Succulent houseplants
- ✓ Spider plants
- ✓ Snake plants
- ✓ White knight philodendrons
- ✓ Ginny peperomias
- ✓ Capsicums (chillies, peppers)
- ✓ Herbs

Some plants require specialist feeding, so check with your retailer to ensure you have the right feed for your plants.

Directions for use:

Water plants and wait 10 minutes for the compost to swell, apply one capful of feed to the base of the plants, avoiding the foliage. Apply every 7 days during the growing season.

HOUSEPLANT POUR & FEED

for vibrant and abundant plants
ideal for houseplants, capsicums
and herbs

Store out of direct sunlight between 0°C and 30°C.

Advice: Avoid applying in direct sunlight as this could cause scorching of plants. Avoid applying when the compost is dry, and the plants are suffering from stress.

Store away from children and pets. Keep container upright during storage and transit.

Wash hands after use.

*Safe to use around children and pets when used according to the label instructions for use.

Bottle made from recycled materials. Bottle and cap are recyclable.
