for vibrant and healthy flowers, fruit and vegetables

ORGANIC WONDER FEED

concentrated formula makes up to 50 watering cans**

MADE IN BRITAIN

ecofective®

WONDER FEED CONCENTRATE

Produced from a blend of natural ingredients, sugars, amino proteins, and phosphate and also contains a biostimulant which encourage the plants to take up nutrients quickly, giving results sooner. Suitable for all types of plants, it promotes strong and healthy growth under glass and outdoors.

For best results mix 30ml into 4.5 litres of water into a watering can, then using a fine rose apply to the base of the plants, Apply as per the instructions below. If foliage feeding, then apply early morning or late in the evening to reduce any risk of damage to plants by sunlight. Apply every 7 days during the growing season for all fruits, flowers, vegetables, herbs and peppers.

For higher yields of greenhouse/undercover crops and container displays, apply twice weekly. Feed plants very early in the morning, or late in the evening to avoid the sun scorching the plants. Avoid spraying directly onto blooms.

Advice: Avoid applying in direct sunlight as this could cause scorching of plants. If applying to foliage, do not apply when temperatures are expected to reach over 30°C.

Avoid applying when the soil is dry, and the plants are suffering from stress. Store in a safe dry place away from children and pets. Keep container upright during storage and transit. Wash hands after use.

WITH A BIOSTIMULANT

FEEDS ALL PLANT TYPES

USED BY PROFESSIONALS

SUITABLE FOR ORGANIC GARDENING

Typical Analysis% w/w	NPK 2-1-3
Nitrogen (N)	2.0%
Ureic Nitrogen	2.0%
Phosphorus (P ₂ O ₅) total	1.0% (0.45%P)
Phosphorus (P ₂ O ₅) soluble in water	0.9%
Potassium (K ₂ O) total	3.0% (0.25% K)
Potassium (K ₂ O) soluble in water	2.8%

Recycled and Recyclable
This bottle is made from 100% recycled materials. Bottle and cap are recyclable.
