# ORGANIC HOUSEPLANT FEED 200ml

ecofective® Organic Houseplant Feed is produced from a blend of natural ingredients, sugars, amino proteins, and phosphate, which provide a balanced feed for indoor plants. Suitable for indoor plants and indoor grown strawberries, capsicums (chillies, peppers), and flowers.

Some plants require specialist feeding like orchids, so check with your plant supplier to ensure you have the right feed for your plants.

#### Directions for use:

Measure 5ml (approx. 1 teaspoon) into 1 litre of water, sufficient to feed 6 plants. Apply around the base of the plants, or over the foliage. If foliar feeding, ensure this is done early morning or late evening to reduce the risk of scorching of the leaves or flowers. Foliar feeding can stain blooms, so try to avoid them on application. Feed at least once a week during the growing season.

#### 12-2-2 NPK Fertiliser Solution

Nitrogen (N) total 12%  
Phosphorus Pentoxide (P<sub>2</sub>O<sub>5</sub>) 2% (P=0.9%)  
Potassium Oxide (K<sub>2</sub>O) total 2% (K=1.6%)

# CHILD AND PET SAFE\*

# ORGANIC HOUSEPLANT FEED

super concentrated feeds up to 240 plants

#### Advice:

Do not apply when temperatures are expected to reach over 30°C or in direct sunlight as this can burn the leaves. Store product out of direct sunlight, away from children and pets.

Wash hands after use.

\*Safe to use around children and pets when following the labels instructions for use.

#### Recycled and Recyclable

This bottle is made from 100% recycled materials. Bottle and cap are recyclable.
