SIPCAM HOME & GARDEN

Innovative Home, Pet & Garden Care

Welcome to the home of innovative solutions for home, pet and garden care. We work in partnership with key distributors across the UK to provide quality assured, cost competitive solutions to help deal with the common problems and tasks in and around the home and garden. Supported by Sipcam Oxon, an international specialist in crop protection, we have an unrivalled network from which to utilise new technology and expertise to serve our retail partners. Bringing unique home and garden solutions to the gardening and pet market, our team is here to work with you to help you grow, offering the flexibility and character of a small business from the security of a large group.

With a continuous focus on innovation across product categories, we are proud to introduce key new product developments, providing a stronger portfolio for you to choose from. From recent market research we have identified a growing demand for natural and family safe solutions. Due to this we have added new products to our child and pet safe ecofective® range, including a new range of Organic Superfoods which support the movement towards a peat-free future. We also have exciting new products within the SPOT-ON brand, a concise range of market leading garden performance products to tackle weeds, moss, pests and also keep the home and garden clean. We can now also offer even more market beating products, as the exclusive UK distributor of the Fito, GET OFF and Aeroxon brands.
