ecofective®

ORGANIC SEAWEED
The right choice for the planet
for all plants

OUR POUCH USES UP TO **70% LESS PLASTIC**

A NATURAL GROWTH STIMULANT

FOR BIGGER CROPS AND BLOOMS

A NATURAL GROWTH STIMULANT

- INCREASES CROP YIELD AND BIGGER, BRIGHTER BLOOMS**
- STRENGTHENS PLANTS TO HELP RESIST DISEASE ATTACK**
- VEGAN FRIENDLY**
- SUPPORTS PLANTS DURING STRESS CONDITIONS I.E. HEAT, DROUGHT & OVER WATERING**
- MAKES UP TO 50 WATERING CANS**
- IMPROVES ROOT DEVELOPMENT**

Instructions for use:

- 1** Shake pouch before opening.
- 2** Add 3 capfuls (25ml) into 4.5L of water. This will cover up to 8 potted plants. Mix well and apply to the base of a moist plant, ensuring the roots are thoroughly watered.
- 3** Can be applied to garden plants and indoor plants using the same measures.

ecofective® Organic Seaweed is produced from organic seaweed from the best sources and provides all plant types with an extra tonic boost during the growing season. It can also be used along-side your regular fertiliser without causing any problems of over feeding to the plants. The product is rich in carbohydrates which the plants take in and use as building blocks, and which also help to aerate the soil. Use on all types of plants both edible and non-edible and can be used as a foliar application.

General Advice:
Store out of direct sunlight in a cool, safe, dry place away from children and pets. Store between 0° and 30° centigrade. Keep pouch upright during storage and transit. Although not required, we recommend that when gardening to wear gloves. Wash hands after use. The product may have a strong smell because of the active bacteria within the product, and sometimes may be of a different colour.

HAPPY PLANTS HAPPY PLANET

Creating a garden full of happiness has never been simpler. By using ecofective you're not just making the right choice for your plants, but also for the planet too. Our Organic Superfood and Seaweed range uses natural ingredients, that are sustainably produced. They are also child and pet safe and wildlife friendly**.

LESS PLASTIC, LESS ENERGY, LESS WASTE

We're buzzing about our innovative, flexible pouch, which uses between 60% - 70%* less plastic than a traditional rigid bottle. It consumes less energy throughout its entire life cycle and less plastic material used also results in less waste to collect, sort and recycle.
